Dear Community Members:

The Mission of Catholic Charities of the Roman Catholic Diocese of Syracuse is to care for those in need while promoting human development, collaboration, and the elimination of poverty and injustice. Staff members strive to empower those served to transform their lives in the spirit of God's love and compassion. This report describes the many ways that Catholic Charities of Broome County engages those in need in our area to carry out this mission. The activities described in these pages resulted from well formulated plans, financial support from a variety of sources and most importantly, the work of a committed and caring staff. The results speak for themselves: hunger alleviated, the mentally ill supported, teenagers counseled, those with disabilities sheltered, senior volunteer opportunities promoted and youth services provided. In recent years, Catholic Charities has also been intensely involved with Disaster Assistance in our area.

This past year, the Board of Directors and staff have been pleased to realize the completion of the construction and renovation project at 232 Main Street. The renovation of the existing building and the construction of additional space will address the administrative and program space needs for the future. The project was funded through the generous support of individuals, parishes and community foundations to whom we are deeply indebted.

The Board is also renewing its strategic plan to provide for future needs. We are constantly evaluating our existing programs to determine if they meet the needs that have been identified in our community. We are confident that we can address the many challenges we face through careful planning, informed leadership and staff training. With God's blessing we will continue to serve the most vulnerable in our region.

Thank you for your interest and support of Catholic Charities of Broome County.

Sincerely,
Dennis Sweeney, President
Board of Directors

As you view our 2012 Annual Report, it is our hope that you will get a glimpse of the breadth of services provided to our community, spanning from services to children as well as senior citizens, with a diversity that includes feeding the hungry as well as housing the homeless and disabled. We are grateful to the many helping hands who aid us in our mission to empower people in need to transform their lives. Many thanks to our Diocesan Director, Joseph Slavik, for his leadership as well as to our Board of Directors for their guidance and support. Special thanks to our Board President, Dr. Dennis Sweeney, for his unwavering and steady direction and for sustaining our agency through the challenging transitions of a new Executive Director, a capital campaign and a major building addition and renovation. The theme of transition continues as we keep a hand on the pulse of changing policy directions in health and human services and take proactive positions in the face of fiscal challenges.

We also give thanks to our staff, volunteers, donors, community supporters and our parish network who assist us as we strive to reflect God's love and compassion in all we do. From our hearts to yours, many thanks.

Sincerely,
Lori A. Accardi
Executive Director

DIOCESE OF SYRACUSE

Broome County

INTRODUCING OUR NEW CATHOLIC CHARITIES LOGO

The circle next to our name symbolizes the universality or completeness of the Church, while the cross signifies the ultimate sacrifice of Jesus Christ.

The highly stylized italic "C's" connected to the cross within this logo stand for Catholic Charities and its close commitment to the teachings of Jesus Christ.

The red color in the logo was inspired by the first encyclical published by His Holiness, Pope Benedict XVI, entitled "Deus Caritas Est". In the encyclical, whose cover is the same red used in our new logo, the Pope defined love as charity, "Love your neighbor as oneself."

Our branding statement, "Creating Hope, Transforming Lives", was inspired by a column written by the national president of Catholic Charities, Fr. Larry Snyder who said, "Transformation. Of all the words that describe change, this one best characterizes the kind of change we as Catholic Charities work

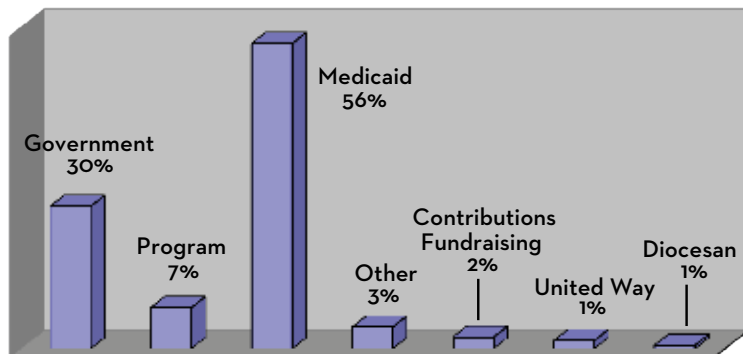

to bring about... It draws to mind a positive, exciting, and even wondrous change, the process of change from one thing into something better." Catholic Charities provides the poor and disadvantaged with the tools and support needed to get at the root cause of the issues that are holding them back. This approach is a key component of our national and diocesan organization's Campaign to Reduce Poverty. The goal is to reduce poverty by 50% by 2020.

Catholic Charities has been serving Broome County for over 75 years.

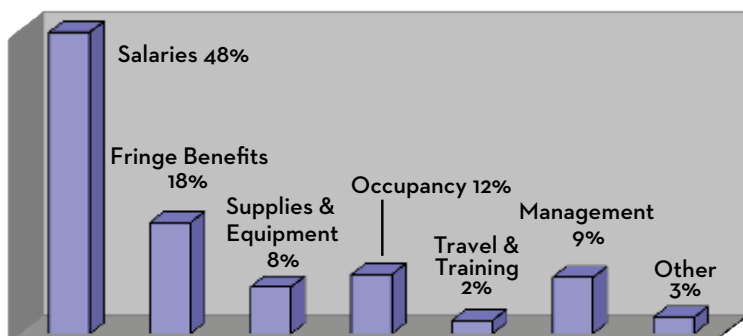

Special acknowledgement to Warne/McKenna Advertising for their guidance and assistance with our new logo and branding statement. (Taken from Catholic Charities Diocese of Syracuse 2011 Annual Report).

PORTFOLIOS CAFÉ

The café held an open house in June to celebrate its 25th anniversary. Local dignitaries were on hand to help celebrate including Mayor Matt Ryan and Assemblywoman Donna Lupardo. In 2012 the Café graduated a total of 13 trainees from the program.

Mayor Matt Ryan and Assemblywoman Donna Lupardo congratulate Portfolios on their 25th Anniversary.

RECOVERY AFTER THE FLOOD

Catholic Charities continued to serve those impacted by the floods of 2011 by establishing a team of Disaster Case Managers. They were trained to help those impacted by assisting with FEMA paperwork, linking them to available resources and presenting their cases to the local board, Broome County Organizations Assisting in Disaster (BCCOAD), to obtain funding for rebuilding. Through March 2013, the program has had contact with over 825 individuals. In addition to linking them to over \$900,000 in community funds distributed through the United Way, an additional \$154,948 was accessed through funds donated to Catholic Charities. We look forward to completing our work in August 2013.

REFLECTIONS OF OUR MISSION IN ACTION

Andrea is a single parent with a 10 year old daughter and a severely handicapped 15 year old son. This was her second time being flooded, the first was in 2006. The client's basement was completely flooded, and she had 4ft. of water on the first floor. For this flood, she had insurance; however the rules of her insurance were very specific as to what she could repair.

The client was able to access money, from insurance, in increments that were approved by the bank and insurer to repair the first level of the home. However her basement was used as her son's place for therapy, solace and independence. This basement had a handicapped accessible bathroom that allowed him to have the independence to use the facilities and a therapy tub. Due to limited resources, the rules of the local COAD would not allow assistance to repair a basement. However, the generosity of local donations to Catholic Charities allowed the client additional funds for materials. After a long wait, volunteers were able to provide skilled labor to do the project.

As volunteers began working they would show up ready to work with an optimistic outlook. Once they learned a little about the client's

(continued on next page)

THE YEAR IN REVIEW: HIGHLIGHTS OF 2012

As we look back at 2012, we see a continued trend of transition and evolution as we continually strive to meet the ever changing needs of the community. As always, our work is made possible by the support of our Board of Directors, staff, volunteers, donors and community leaders who join with us in solidarity as we work on the many important service, advocacy and public policy issues.

Highlights of 2012:

- We worked together with our sister area Catholic Charities offices and Diocesan Director, Joe Slavik, to create a new unified logo and tagline: Creating Hope, Transforming Lives. This reflects the active partnership that exists as we work with the people we serve.
- Major progress was made on the building project at our agency headquarters, 232 Main Street, Binghamton. Staff moved into our new addition in August and work commenced on the existing building. At this time, building completion is anticipated for May 2013.
- Catholic Charities was selected by NYS Department of Health to become a lead Health Home for Broome County. This is a system of care management for Medicaid recipients who have chronic conditions such as mental illness, substance use or chronic medical conditions such as diabetes and hypertension. It is anticipated that this new system will result in billions of dollars of savings in health care costs for New Yorkers. We are very grateful and proud to have been selected for this new initiative.
- Catholic Charities embarked in a new interagency project with Union Endicott High School called The Community Connection's Center. This will support improved success in school for youngsters by offering counseling and support to families and youth.
- Catholic Charities launched a new website with a cleaner look and easier navigation that will allow us to update information more easily and quickly. (www.catholiccharitiesbc.org)
- Through the generosity of one of our donors, we were able to expand our Emergency Assistance Services to offer personal care items at both pantry sites in Binghamton and Endicott.
- Disaster Case Management was provided to those affected by the floods of 2011 and we were able to help many individuals and families access needed resources and rebuild. Over 825 were assisted in 2012. We continued to participate and provide leadership to the Broome County Organizations Active in Disaster (BCCOAD) group that brings voluntary agencies together to respond in times of disaster.

COMING UP IN 2013

As we continue to help our community rebuild after the storms of 2011, we look forward to completing our assignment of providing Disaster Case management by early September. It will be two years on September 7 since the flood waters began to rise, and many positive efforts have occurred to prevent the level of disaster that we experienced then. At the same time, we are progressing on our own building project at our main offices at 232 Main Street. We look ahead with positive hopes for this year at these coming events and developments:

- A Grand Opening is scheduled at our newly expanded agency headquarters on July 11, 2013. We will be graced by The Most Reverend Robert J. Cunningham, Bishop of the Diocese of Syracuse, as our special guest and will host a Community Open House.
- As a newly approved lead Health Home, Catholic Charities will be working with a multitude of agencies to provide care management to people with mental illness, chronic medical conditions and substance use. Integrating wellness strategies and incorporating peer staff are in the planning stages. We hope to help improve people's health while reducing costs through reducing emergency room visits and hospitalizations.
- Despite the fact that we lost our Bridgeway community residence to the floods, the agency has been approved to add 20 supported housing beds and to convert the Bridgeway beds to 12 certified apartments, an overall gain for Broome County residents.
- We look forward to sponsoring a national level CYO training for coaches with the help of Diocesan Youth Ministry this fall which will emphasize how to encourage youth leadership, sportsmanship and teamwork.
- In partnership with St. Ambrose Church, the Family Counseling Program is able to offer on-site counseling in Endicott through the support of a McDevitt Grant. This supports the parishioners of Western Broome who would like to take advantage of the services of our professional counselors to assist with the many life issues that challenge all of us at one time or another in our lives.

*Mission Accomplished!

Channel Radio don their
turkey feathers.*

(continued from previous page)

circumstances they paid amazing attention to details in the project, to try to make the basement as safe and comfortable as it once was. The client pointed out many examples of this when showing the Disaster Case Manager the completed project

The client feels that the volunteers at her house were nothing short of angels. They went above and beyond, even sending her family a Christmas card, with gift cards. It was signed anonymously and without a return address. The client was inspired to "pay it forward", and has dedicated some of her time to have bottle and can drives over the next year, and send the money to people affected by Sandy.

THANKSGIVING TURKEY DRIVE MIRACLE

Each year Catholic Charities coordinates a Thanksgiving basket program with local parishes with the help of Clear Channel Radio, Wal-Mart and Wilson RV along with other local sponsors. This year we were worried that we would not be able to meet the needs of all who signed up for a basket.

On the Thursday before the drive ended, we had only 357 turkeys. That morning we sent out an SOS with the help of our friends at the Press and Sun-Bulletin as well as our Board of Directors and staff. By midnight on Friday, we had over 4,500 turkeys!

REFLECTIONS OF OUR MISSION IN ACTION

Rebecca was referred to supported employment in July 2012. She is 20 years old with limited and unsuccessful work history. Rebecca's mom came to the first appointment and stated that Rebecca would need a lot of assistance because she has been unable to hold a job due to anger/attitude issues.

When the job coach began working with Rebecca she asked her what she 'desired' for work. Rebecca's ultimate goal would be to work on cars like her father but she would also like to be a cashier. Rebecca stated that other people have talked her out of the cashier goal because they didn't think she could handle money. The job coach asked Rebecca if she thought she could do well with money and Rebecca said she didn't know. The job coach proceeded to pursue this goal with Rebecca giving her 'lessons' in money and how to make change.

Another 'barrier' to this goal for Rebecca was social interaction. Rebecca is quiet and tends to 'shy' away from people interaction. The job coach helped with this as well. The job coach and Rebecca 'role' played scenarios until Rebecca was comfortable enough to pursue her goal. Today Rebecca is working as a cashier at a local supermarket and doing very well. Rebecca has also moved out of her house and into her own apartment and is thriving on her own.

CYO Team Spirit.

A Youth Adventure Leadership Program group hug.

CHILDREN AND YOUTH SERVICES HIGHLIGHTS

Keeping families together and kids out of foster care and hospitals was a major theme for 2012 as almost 3,500 youth were served.

- Coordinated Children's Services served 260 youth. By keeping 247 youth out of foster care and hospitals, Catholic Charities saved Broome County taxpayers \$7.8 million.
- Boys of Courage residents participated in an anti-bullying rally at Recreation Park and continued in their part-time jobs and extra-curricular school and community activities.
- The Community Connections Center was started last September in collaboration with Union-Endicott High School. This service offers families and students counseling and other support and advocacy services to help children succeed in school. Forty-four youth were served in 2012.
- Community Respite allows children and their families a break from each other. For youth troubled with Attention Deficit Hyperactivity Disorder (ADHD) or Oppositional Deficient Disorder (ODD), having some time apart from their family and being exposed to new things can actually keep families together. In 2012, twenty-five youth stayed out of placement while receiving services and remained so for at least 18 months after services.
- Catholic Youth Organization (CYO) served a total of 1,975 participants, an increase of 200 over last year. The 16th annual Celebration of Youth was celebrated on May 4th at St. John and Andrew Parish, recognizing 23 area youth and 350 attendees. CYO allows for youth not linked to parishes to play through community teams such as the Binghamton Boys and Girls Club, The Jewish Community Center and The Islamic Association of the Southern Tier.
- Employment served over 130 people with issues related to mental illness, developmental and learning disabilities and addictions. They were assessed for employment, gained job skills and had employment experiences. Almost half were successfully employed.
- Mental Health Case Management served 208 youth were with 97% kept out of placement and united with family.

Creating the conditions within families that ensure healthy, productive self-assured adults.

FAMILY, COMMUNITY & PARISH DIVISION HIGHLIGHTS

FCP celebrates 75 years of service by providing counseling, senior services, emergency assistance, pregnancy services and adoption.

- Almost 800 people were helped with counseling; 77% who completed our outcomes tool showed improvement including 60% showing “marked improvement.”
- 99 young parents participated in parent education provided in the “Happiest Baby on the Block” and STEP-Early Childhood classes.
- 891,810 meals were provided through our two pantries; 44% of those served were children or elderly.
- 520 senior volunteers gave almost 42,000 hours of their time helping 42 not for profit agencies in Broome County to deliver their services.
- Over 7,000 van rides were provided to frail seniors to help them attend senior centers, adult day care and volunteer assignments. It is the only door-to-door service for seniors in Broome County.
- Oak Street Senior Center celebrated the 10th anniversary of its relocation to St. Patrick’s on Binghamton’s West Side, providing more than 3,000 meals and a variety of social activities to help seniors maintain independence and dignity.

Oak Street Senior Center Fun.

RSVP and Friends.

REFLECTIONS OF OUR MISSION IN ACTION

Over four years ago a young pregnant woman and her sister stopped by our Main Street office looking for items for her unborn child.

At the time, Jessie was 21 years old. She was pregnant with her 2nd child. She was living in a small apartment with her 9 year old daughter. She moved to the Broome County area when she “aged out” of foster care with her daughter to be near her biological family. She was looking for support in reaching her goals of providing for her daughter and creating a healthy relationship of her own.

Over the past 4 plus years, Jessie availed herself of our services:

- She seeks counseling when she feels overwhelmed by her circumstances or her depression and has learned ways to handle complex social challenges (i.e. domestic violence, sexual abuse)
- She utilized staff as a resource when she did not know how to handle life events such as locating safe housing and planning her mother’s funeral
- She benefited from referrals to our food pantry, WIC and clothing outlets
- We have accompanied her to areas schools where she has sought and received educational assistance for her disabled daughter and child care for her infant daughter
- At our encouragement she enrolled in a GED program where she earned her HS diploma and then continued her education to become a Certified Nurse Assistant.

Recently, she stopped by our offices with an update. She is employed in an area nursing home. Her daughters are doing well in school. She is in a relationship with a man she finds is positive for her and her children. She is aware her path will continue to have its highs and lows but she has achieved a great deal and is proud of her accomplishments.

Creating opportunities for families, communities and parishes which ensure the welfare of neighborhood, family and community members.

REFLECTIONS OF OUR MISSION IN ACTION— MENTAL HEALTH

Sherry has a history of hospitalizations and several suicide attempts. She frequently heard voices and was preoccupied with self-harm. She also was challenged with a high blood sugar level as well as poor nutritional habits. Sherry had a long history of not taking her medication and not keeping appointments in the community prior to working with the Assertive Community Treatment Team or ACT Team. Her main problems appeared to come from her developmental disability and it has taken years to build trust and teach skills that would enable Sherry to find some measure of independence in the community. As she graduated from the ACT Team, she is now connected to clinical services and Catholic Charities Case Management and is keeping her appointments in the community. Sherry will continue to need reminders regarding her medication and nutritional habits, however, she is for the most part, symptom free, and can identify her symptoms and talk about them to her therapist. She maintains connections with family and enjoys holidays with them. She now spends time with her significant other, who is able to encourage her in her new level of independence.

Portfolio's Café celebrates 25 years!

MENTAL HEALTH SERVICES HIGHLIGHTS

During 2012, services were dramatically changed and reinvented as Mental Health Case Management Services were “transformed” into Care Management. Catholic Charities applied to become a lead agency in providing these services and was approved as a Health Home for Broome County. Created as an entity with accountability for persons with the most serious levels of mental and physical health conditions, Health Homes will be a service where a person's care will be coordinated and preventative services will be offered. Both in terms of quality of care and cost savings, this initiative has been heralded as a bold step forward in improving care in our state. From inception, beginning with over 160 enrolled clients, we anticipate growth to over 1,000 people.

Other division highlights include:

- Four Seasons Club placed a total of twenty-one persons in employment including eight in transitional employment, eight at Portfolios Café and five in community placements.
- Twenty-one persons achieved successful discharges from the Greater Binghamton Health Center through the Peer Bridgers Project, operating since 1995.
- Job Club, a new program in 2012, provides class-room based instruction, employment planning, job coaching and placement services through a part-time staff person. Six placements, all retained at 100%, were achieved in 2012.
- A Stepping Stone Drop In Center celebrated its 20th anniversary in 2012, serving an average of 70 persons daily. Maintained as a safe place in our community for people to “drop in”, the center continues to offer self-help groups and social activities such as picnics and holiday dinners at Easter, Thanksgiving and Christmas.
- Our transportation clients successfully advocated, along with the rest of our community, to retain the 31 day unlimited bus pass and to delay the fare increase to 2013. Because most of the people we serve ride well in excess of 31 times per month, the proposed 30 ride bus pass would have been a great hardship and a blow to their independence.

Stepping Stone Drop-In Center celebrates Easter by putting on a great buffet.

Provides a range of recovery-orientated mental health treatment services and support to adults with mental illness.

RESIDENTIAL SERVICES HIGHLIGHTS

Housing and Medical Service Coordination Services were provided to over 600 persons in 2012 with a goal of helping each person achieve their highest potential. Highlights included:

- An individual was able to achieve her lifelong dream of vacationing at Disney World. This was made possible by the willingness of the house supervisor to help with planning and volunteering to accompany her.
- A peer run "Double Trouble Group" continues to assist persons who have mental illness and chemical addictions, one of few left in Broome County.
- Supported Housing successfully transitioned 18 individuals to HUD Section 8 subsidized housing.
- The Housing Warehouse was successfully located to larger, more accessible quarters, which includes office space for staff which helps with better coordination of services.
- Satisfaction surveys from consumers of mental health programs had a 91% satisfaction rate. Surveys from individuals in developmental disabilities services had a 98% satisfaction rate.

ONE RESIDENT'S DISNEY DREAM CAME TRUE

It was always a dream of mine to go to Disney World. I was very excited to find out that I would be going to Disney with the house supervisor, Lennea. I started my trip being very nervous as we headed to the hotel in Syracuse, which is where we were going to catch our flight. That was a very long trip from Endicott to Syracuse. When we got to Orlando we took a bus to Port Orleans Riverside Resort. I was amazed by our room and was then ready to go out and explore. There were little tiny lizards that were all over the place and our Resort had two pools. The first day we got there we went to Magic Kingdom. The first ride I went on was Space Mountain. I did not like it at all, it made me very nervous but I did get a picture of being on the ride with Lennea. Our faces were really funny b/c we were screaming. I did really like the ride "It's a Small World After All." I ate at a lot of really good places; my most favorite was the Wolfgang Puck Pizza and the Fulton Crab House where we had seafood!! At the movie theater I saw the movie "Odd Life of Timothy Green," I saw an acrobatic and circus type performance called "Cirque Du Soliel's La Nuba," the "The Festival of the Lion King" and I watched a showing of "Finding Nemo the Musical," and a 3-D movie "Captain EO." I enjoyed going to Animal Kingdom, Magic Kingdom and Epcot. My favorite of all of them was the Animal Kingdom because I got to see the animals. I also enjoyed shopping around Downtown Disney. I even got a picture with Mickey Mouse, who gave me a kiss on the cheek before the picture was taken. I got a lot of purple souvenirs' because that is my favorite color, other than my Mickey Crocs that are blue. One day Lennea and I got caught in a rainstorm. We were coming back from getting supper at the Restaurant at our Resort we got soaked. I had a great time down there and I did not want to come back that Friday. I want to go again next year.

Providing supportive environments that enhance the development of independent living skills.

PROGRESS ON OUR NEW HEADQUARTERS

From the first ceremonial shovel in the ground to the last finishing touches yet to be completed, the addition of a new wing and rehabilitation of our existing building has been like the birthing process: a labor of love, painful at times, but at the conclusion, heralding a new age of services for Catholic Charities, as we celebrate 75+ years of service. Official groundbreaking took place on July 13, 2011; the Grand Opening is planned for July 11, 2013, almost 2 years to the day of the whole process.

During 2012, the addition was completed in August with staff moving over from the existing building. We give thanks for the many donors who have believed in and invested in the future of Catholic Charities. As we prepare for the opening, we continue in our quest to secure the remaining funds by launching Capital Campaign Phase 2 in 2013. We look forward to the future as we continue to open our doors to the most vulnerable of our community.

OUR DONORS

It's not how much we give, but how much love we put into giving.
Mother Teresa

We are very fortunate to have friends that support our work through their donations. They have joined with us to ensure that we are able to provide the wide range of services that respond to the critical needs of individuals and families in our community. The contributions they freely give strengthen us financially, and their spirit of generosity inspires our efforts.

Tom Race Memorial foursome.

YOU helped us raise over \$190,000 for Wendy's Walk for Kids 2012!!

Harvest For Hunger Telethon 2012.

Led by Bruce Boyea and Jim "Mudcat" Grant, the All Star Golf Tournament raised \$22,000 for four local charities including our agency.

PROGRAM HIGHLIGHT

Jessica's Corner was created by the family of Jessica Williams to honor her memory by creating a fund to assist families in need with daily essentials for their infants and small children. Over a hundred families have benefited from receiving items such as diapers, bibs, baby wash, shampoo, and other basic necessities. Because Jessica was a pantry recipient, our food pantries are a distribution place for this program and a place where her life and love for children will continue to be remembered and honored.
